

Pneumatic Pinch Valve

gevasol
Ping

April | 2023

- Medical
- Food
- Instrumentation

Designed for a long life

- Robust valve design for long life
- Large sealing surface for improved sealing
- No heating of fluid/gas
- Suitable for aggressive liquids or gases
- Designed for single-use applications

Features

Function: 2W NO

Operation: Air piloted pinch

Tube: SILICONE 3/8"x1/4" (*)

Body Material: AL 6061, St.St 303, Delarin

Fluid Pressure (PSI): 15

Pilot Pressure (PSI): 45-60

Pilot Pressure: Pilot 10-32 UNF

Pilot Media: Air

Supply Voltage (V): 12 - 24

Power (W): 1.3

Protection Degree: IP51

* Additional options are available upon request

Built to need, we adapted to your pressure, flow, control, and integration requests.
